

QUALITY

When you're looking for accurate, durable scales backed by prompt, courteous customer service, order from CCI Scale Co. We maintain an exceptionally large inventory that includes over 4,000 reliable, high-quality spring dial scales with capacities from 1 to 200 lbs.

AND SERVICE

These heavy-duty scales for use in food service and industrial applications can take whatever you dish out.

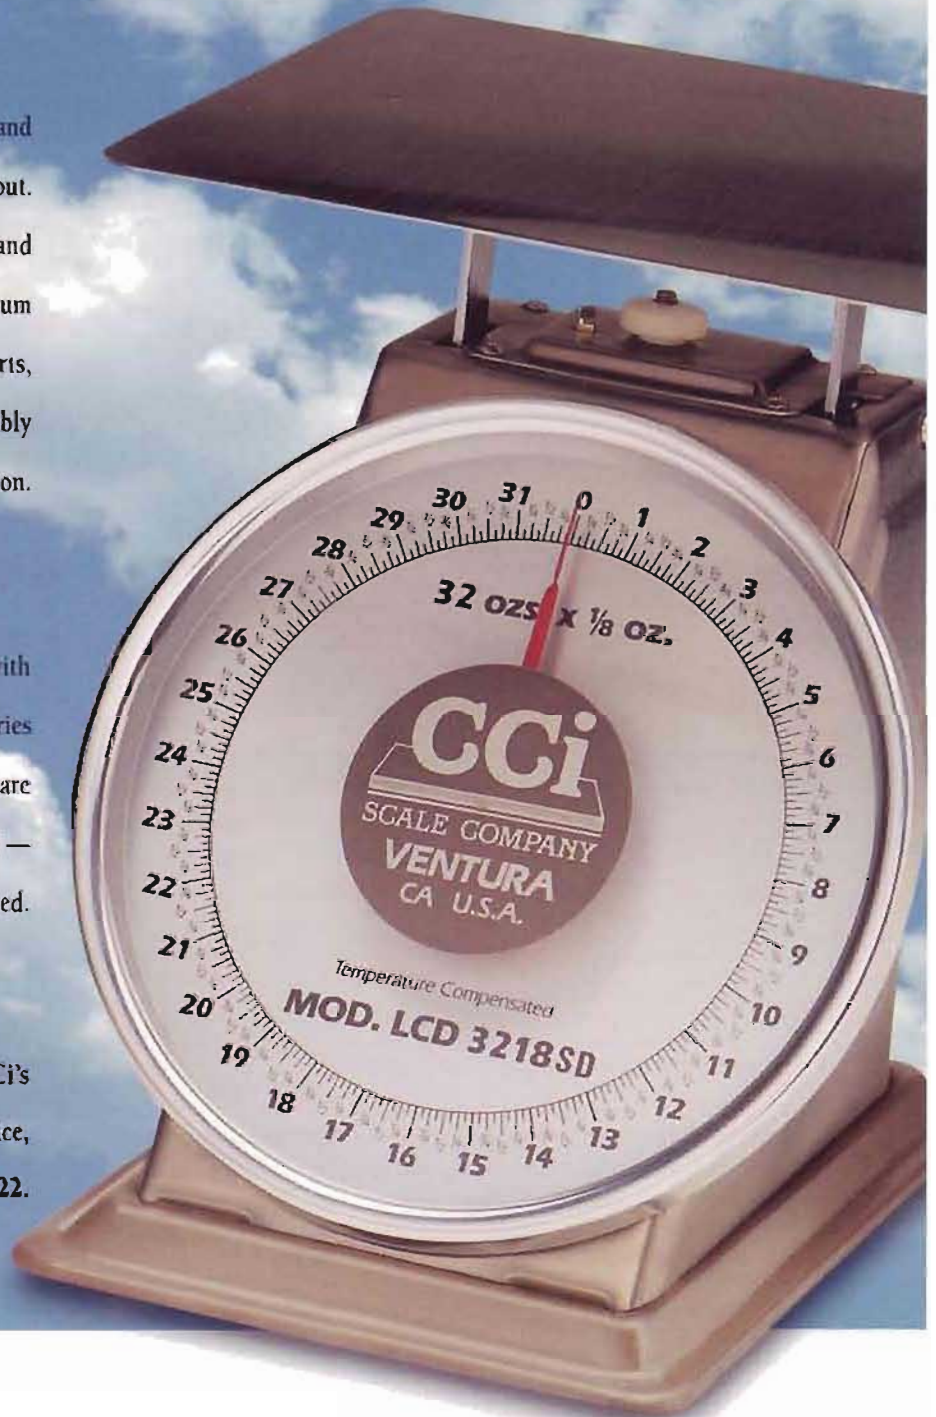

High-precision temperature compensated springs and reinforced dual spring level mechanism ensure maximum accuracy. Precision machined heavy gauge internal parts, double beveled base plate and heavy-duty sub-assembly combine to give you durability you can count on.

ARE OUR

At CCI, we support all of our high-quality products with full warranties on parts and labor. Our large inventories allow us to ship quickly, usually the same day orders are received — whether you want one scale or one hundred — and a technician inspects each scale before it is shipped.

SPECIALTIES.

Excellent service and high standards are truly CCI's specialties. To experience our quality and our service, call us today at (805) 658-0422.
