

## Factory FC...EDE Ex-Full range scales

- : for use in Ex-Zone 1, 2 (ATEX) | DIV 1, 2 (FM, CSA)
- : built-in calibration weight, isoTEST function
- : high resolution, stable weighing results (time and temperature) thanks to the monolithic weighing system, automatic reference weight optimization
- : practical, combinable applications:
  - level 1:** weighing, weighing in percent, net-total formulation, mass unit conversion, weighing under ambient conditions (animal weighing), calculation
  - level 2:** checkweighing, time-controlled measurement
  - level 3:** totalizing, density determination, recalculation
- : additional RS-485 interface (optional)
- : backlit display
- : ingress protection rate: IP65 (except FC64EDE-HX = IP44)
- : with verification of Intrinsic safety
